

Young Warriors Curriculum (Ages 3–6)

Module: MIND — Month 3

These scripts simplify the concepts from this module into playful, tangible games that young children can understand and enjoy. Ages 7–11 may use these scripts with slightly more mature framing. Ages 12+ use the standard adult scripts.

Script 1: Laser Eyes

Goal: *Visual Focus — Tunnel Vision vs. Total Awareness.*

"Who has laser vision? I want you to pick one spot on the wall or the floor. Maybe a speck of dust or a letter. Glue your eyes to it. Do not look at me! Do not look at your friend! Imagine red lasers shooting from your eyes to that spot.

Hold it... hold it... If you look away, the laser breaks! Keep it strong!

Okay, blink, blink, blink. Good focus!"

Script 2: Ninja Ears

Goal: *Auditory Awareness — Zanshin through listening.*

"Ninjas have magic ears. They can hear things nobody else can. We are going to play the Quiet Game. Close your eyes or look at the floor.

Listen... can you hear the air conditioner? Can you hear a car outside? Can you hear someone breathing?

When I clap my hands, open your eyes. (Wait for 10 seconds of silence.) CLAP! What did you hear? (Allow brief answers.)"

Script 3: The Cloud Game

Goal: *Observing thoughts without getting caught in them (Mushin).*

"Imagine your mind is the blue sky. Thoughts are like fluffy white clouds floating by. Maybe you are thinking about a toy... that is a cloud. Let it float by. Whoosh. Maybe you are thinking about lunch... that is a cloud. Let it float by. Whoosh.

Don't grab the cloud! Just watch it go. Let's watch the sky for a moment. Is it clear? Or are there lots of clouds today?"
