

Young Warriors Curriculum (Ages 3–6)

Module: BODY — Month 2

These scripts simplify the concepts from this module into playful, tangible games that young children can understand and enjoy. Ages 7–11 may use these scripts with slightly more mature framing. Ages 12+ use the standard adult scripts.

Script 1: Spaghetti Toes

Goal: *Recognizing tension and relaxation.*

"Everybody lie down on your back! Pretend your toes are uncooked spaghetti noodles — hard and straight! Squeeze them! Squeeze your legs! Make them stiff!

Now... turn into cooked spaghetti! Wiggle-waggle! Be soft and squishy.

Make your hands into hard rocks! Squeeze! Now turn them into soft jelly. Shake them out!

Being soft helps us be fast. Be soft spaghetti... now freeze! Good."

Script 2: Super Glue Feet

Goal: *Grounding and Stability.*

"Stand up in your strong stance. Imagine I put super glue on the bottom of your feet. Squirt, squirt, squirt. Stomp them onto the mat. Stomp! Stomp! Stick!

Now, try to lift one foot... oh no! It's stuck! Try to lift the other foot... it's stuck too! Bend your knees so you are strong like a tree. Even if a big wind comes (Instructor gently waves hands near them), your feet are glued tight! You are super strong!"

Script 3: The Turtle Shell

Goal: *Posture awareness — shoulders and neck.*

"Sometimes when we get scared, we hide like a turtle. Everyone, pull your shoulders all the way up to your ears! Hide your neck! Where did your neck go? This is a 'Scared Turtle.'

Now, be a 'Brave Turtle.' Push your shoulders down. Show me your long neck!

Hide! (Shoulders up.) Brave! (Shoulders down.) Martial artists are Brave Turtles. Keep those shoulders down!"
